

April 11, 1941.

Mr. Clarence E. Schwarz,
116 Monticello Ave.,
Jersey City, N. J.

Dear Mr. Schwarz:

Your letter of April 8th received, in it you asked if The Eagles could arrange to play the same Ball game they played last year in Roosevelt Stadium Wednesday, June 18th and leave the following night open in case of rain.

First of all we could be very happy to play the game for the Jewish Community Center and the Quinn Post American Legion. What you asked about the dates cannot be arranged, due to the fact that we are playing our first night game in Newark on Thursday, June 19th, we could, however, play in Roosevelt Stadium, Wednesday, June 18th and hold the following Wednesday, June 25th in case of rain.

Another plan, we could work out would be to play the game Tuesday, June 24th and hold open Wednesday, June 25th in case of rain. We could also play Wednesday, June 18th and hold Friday, June 20th open, however, Friday, June 20th would be the least desirable day to hold open, as Friday night this time of year is one of the most profitable nights to play exhibition baseball.

In asking us to keep two nights open, I feel that the Committee should arrange to compensate the team for the extra time. A night in June is of course one of our days that we depend on to make expenses.

Let me know which of the days you prefer having the game played, and which alternative, and we will discuss further the terms of the contract.

Very truly yours,

EM:CCJ
